

B-E-T-T-E-R Cabinets For Less Money

In these days of "frenzied" kitchen cabinet advertising and soap club plans, do not lose sight of the principal point, the marrow of the bone as it were, which is: What do you get for the price you pay?

Model KITCHEN CABINET

we claim is the best cabinet on the market for the price. Made of "Satin Walnut" the best wood in the world for kitchen cabinets, in arrangement as handy as "a pocket in a shirt" and having distinctive features found only on this line. Oak for kitchen cabinets will split and crack where there is so much moisture. We have actually had them split right here in stock.

WE DIVIDE THE PRIZE

with you. For the next two weeks we will accept this "ad", cut out from your paper as a \$5.00 payment on any Model cabinet in our stock. Only one ad accepted on each cabinet.

It Pays to Trade at Born's

All Things Being Equal

Would you not rather trade at a Store where they have only **One Price**

This store is that kind of a store. And we are proud of it, because we think that is the only way of doing business. Why should not your dollar buy just as much merchandise as any man's dollar? Is there any reason why your child should pay more for the same article than you do? Is there any reason for a man that threatens to look around to get a lower price than the man who believes his money is as good as the next? Is there any reason why a merchant should have two or three prices on his merchandise, one for the banker and one for the working man?

We Think Not

At this store they all look alike. The working man, the farmer, the preacher, the banker, the doctor, the merchant; their money is all the same to us. We give no rebates, no commissions. On this basis we kindly ask a share of your patronage. If you believe our system is the right thing. If you believe that your dollar is worth as much as your neighbors; if you believe that your children should buy as cheap as you should. We think that this store is the store for you.
